

## Section 5: Substance Abuse/Drugs Resources

In some cases, an individual or a family needs help with substance abuse. We have places here in the county that can help. No one should suffer in silence when help is close by:

- [BitterPill.in.gov](http://BitterPill.in.gov): Provides information on opioid awareness and other drug prevention information.
- [Pulaski County Drug Free Council](#): This is a local organization dedicated to enhancing drug free awareness in our county, including outreach programs, substance abuse programs, suicide information, and resources for recovery. More formation available [here](#).
- [Pulaski County Health Department](#): Has information available on Narcan and other anti-drug programs.
- [Pulaski County Sheriff](#): Is vigilant in their enforcement of the law, employing two canine units and an entire squad of dedicated men and women.
- [Sycamore Springs](#): An effective inpatient and outpatient behavioral health program for substance abuse located in nearby Lafayette, IN.
- [Fairbanks](#): A larger inpatient and outpatient behavioral health program for substance abuse located in Indianapolis, IN. Treatments include:
  - Methadone Detoxification
  - Halfway House
  - Opioid Treatment

- Substance Abuse Treatment
- Other
