

West Central School Corporation

Return to In-Person Plans updated June 7, 2021

West Central will maintain student and staff health safety and ensure continuity of services for academic and social-emotional needs through the following steps:

- Learning will be in-person, five days a week as per the approved calendar
- Should in-person learning be canceled, the school will utilize its eLearning day procedures already in place for inclement weather
- Mask-wearing will be optional for students and staff or as required by law
- Air quality improvements will be pursued at the middle/senior high school and the elementary school through a licensed and qualified HVAC company
- Teachers will continue to instruct students on handwashing etiquette and other topics of surface and sanitary concern
- West Central will use ESSER II & III Funds to provide extra staffing for interventions, instructional technology, professional development, and air quality enhancements for the campus
- The West Central nurse will perform necessary contact tracing in coordination with building-level administrative staff
- Individuals will be tested and quarantined as per the direction from the health department
- West Central will work with the county health department to ensure vaccinations are available to all students and staff who desire them
- Students with health conditions will be provided with appropriate accommodations to their specific, documented, health needs
- Public comments were sought from all key stakeholders and recorded on June 4, 2021 through an online survey.
- This plan will be reviewed every 6 months as per ESSER III Guidelines
